Essential Education / Training																																			

t is mandatory for all Contractors to complete the Aurizon General Contractor Induction and to have the relevant Role for working in or around Aurizon's Rail Corridor. Relevant Network Location of Work (e.g. Network - Around the Track or Network - Outside the Rail Corridor) Role to be selected. See Trackside Safety Matrix for more details. Ensure all Application Rail Safety Worker Roles are selected for the tasks being undertaken on site. See Additional Matrices for more details. For more help, see the Aurizon Rail Safety Worker Program Business Rules. https://kb.pegasus.net.au/display/PRBR/Rail+Business+Rules

For more help, see the Aurizon Rail Safety Worker Program Business Rules. https://kb.pegasus.net.au/display/PRBR/Rail+Business+Rules
(1) Will also accept as evidence of competence.:

a previous certificate of competency issued by a regulator

a statement of attainment or other nationally accredited qualification

a inidustry competency card or completing training at an industry training school

appropriate on-the-job training from an experienced and competent operator*

previous experience and competency verified by a previous employer.*

"may require additional verification
(2) A copy of the Business's applicable Chemical Distribution Contractor's Licence (ie Ground or Aerial) must also be provided to Aurizon

"Depending on the vehicle. a C Class is the minimum Licence required. Depending on the vehicle, a higher licence may be required.

(2) A copy of the Business's applicable Chemical Distribution Contractor's Licence (le Ground or Aerial) **must** also be provided to Aurizon

A[®] Depending on the vehicle, a C Class is the minimum Licence required. Depending on the vehicle, a higher licence may be required

A[®] One competency must be uploaded (e.g. either a Statement of Attainment relating to the Unit of Competency or Business issued Training/Familiarisation records.

Bepending on the equipment accrediated for, a Drivers Licence may also be required. This will be stipulated on the completed Aurizon Network Pre-Requisite Checklist.

It is the Contractors responsibility to check if you have Chain of Responsibility requirements and undertake suitable training.

It is mandatory for all Contractors to complete the Aurizon General Contractor Induction and to have the relevant Role for working in or around Relevant Network Location of Work (e.g. Network - Around the Track or Network - Outside the Rail Corridor) Role to be selected. See Trackside Ensure all Application Rail Safety Worker Roles are selected for the tasks being undertaken on site. See Additional Matrices for more details. For more help, see the Aurizon Rail Safety Worker Program Business Rules. https://kb.pegasus.net.au/display/PRBR/Rail+Business+Rules

(1) Will also accept as evidence of competence. :

- a previous certificate of competency issued by a regulator
- a statement of attainment or other nationally accredited qualification
- an industry competency card or completing training at an industry training school
- appropriate on-the-job training from an experienced and competent operator*
- previous experience and competency verified by a previous employer.* * may require additional verification
- (2) A copy of the Business's applicable Chemical Distribution Contractor's Licence (ie Ground or Aerial) must also be provided to Aurizon
- Topending on the vehicle, a C Class is the minimum Licence required. Depending on the vehicle, a higher licence may be required
- X^ One competency must be uploaded (e.g. either a Statement of Attainment relating to the Unit of Competency or Business issued
- & Depending on the equipment accrediated for, a Drivers Licence may also be required. This will be stipulated on the completed Aurizon Network
- It is the Contractors responsibility to check if you have Chain of Responsibility requirements and undertake suitable training.

It is mandatory for all Contractors to complete the Aurizon General Contractor Induction and to have the relevant Role for working in or around Aurizon's Rail Corridor. Relevant Network Location of Work (e.g. Network - Around the Track or Network - Outside the Rail Corridor) Role to be selected. See Trackside Safety Matrix for more details. Ensure all Application Rail Safety Worker Roles are selected for the tasks being undertaken on site. See Additional Matrices for more details.

For more help, see the Aurizon Rail Safety Worker Program Business Rules. https://kb.pegasus.net.au/display/PRBR/Rail+Business+Rules

(1) Will also accept as evidence of competence. :
