

Reference User Funding Agreement (RUFA)

The RUFA suite of documents is a reference set of legal documents for the development of a CQCN expansion that is funded by one or more parties other than Aurizon Network (such funding being 'User Funding').

Aurizon Network is making RUFA available for use during the good faith negotiations of a User Funding agreement that are contemplated under section 8.8.1(a) of UT4.

Any questions about RUFA should be addressed to Ian Lock, Aurizon Network's Principal Commercial Adviser Major Projects.
