

South-West Rail Corridor

The South-West Rail Corridor continues to provide customers in the West Moreton System with reliable rail services to the Port of Brisbane.

Aurizon hauls coal from the West Moreton Coal System and a range of agricultural commodities along the South-West Rail Corridor through to the Port of Brisbane, including grain and livestock.

Aurizon has proven capabilities in providing bulk freight and logistics solutions for a wide range of customers and commodities. We have an efficient and flexible fleet that reliably meets our customers' needs.

Aurizon also offers road freight services in South-West Queensland servicing Charleville, Chinchilla, Cunnamulla, Dalby, Dirranbandi, Goondiwindi, Mitchell, Morven, Quilpie, Roma, St George, Toowoomba and Warwick.

Major Aurizon customers in the South-West Rail Corridor include New Hope, Grain Corp, JBS and Teys.
